Librarian's Report

The JACKSON PUBLIC LIBRARY open for two hours, 2 to 4 P.M. on Thursdays circulated some 2260 books and magazines during the year. From late June to early September the Library operated on a summer schedule - 2-4 P.M. on Mondays, Wednesdays and Fridays.

We found books and answered questions for people of all ages and backgrounds, including school children from primary grades thru High School. The Jackson grade school classes attended in a body every week.

The Extension Division of the State Library continues to send us the Bookmobile 6 times a year, roughly every 2 months, with fiction, non-fiction, and children's books.

The Library has benefited in recent years by closer co-operation with the State Library's increased services. Neighborhood, trustees' and librarian's meetings have been especially helpful. Exhibitions of new books have helped us in buying.

Our circulating magazines include: Atlantic, Field and Stream, Good Housekeeping, Holiday, Jack and Jill, Ladies Home Journal, Life, McCalls, Redbook, Readers' Digest and Saturday Evening Post.

We thank Mrs. J. Arthur Doucette for magazines and books, Bertha M. Rogers for Readers' Digest Condensed Books and the Mursells for the good and popular Detective Club triple volumes.

The Library is being used more than formerly, and we hope to maintain, or even improve the services in the future. Those who now use the Library appreciate it. We hope others will learn to use it. 185 books have been added in the past year through purchase and gifts.

Respectfully submitted

H. Francis Manchester

REPORT OF EASTERN SLOPE AIRPORT AUTHORITY

The year 1962 has seen further progress at Eastern Slope Regional Airport, but only through the generous donations of time and effort of interested persons, institutions and municipalities. Only the eight towns of Bartlett, Bridgton, Brownfield, Fryeburg, Jackson, Lovell, Stow and Sweden contributed to operation expense, and without private donations the condition of the Authority would have been very poor.

An administration building has been erected at an expense exceeding \$7,500.00, half of which was paid by the State and the other half of which was obtained by donations and borrowing.

A modern gasoline installation has been made with both 80 and 100 octane gas.

A start has been made on industrial promotion, in cooperation with the Fryeburg Chamber of Commerce. Although details may not yet be made public, the Maine Department of Economic Development is even now working on a prospective industry for location at or near the airport.

It has for some months been evident to your directors that no operator could be obtained for the airport unless hangar and workshop facilities were erected. A grant in December 1962 from the County of Oxford will make this possible by the summer of 1963.

Traffic has increased at the airport markedly as word gets about that it is lighted and plowed year 'round. Over 600 aircraft landed at the airport in 1962. The directors feel that the airport is on the verge of proving itself a success for the area, if support will be continued for a few more years.

The following is a statement of operating expenditures and receipts for 1962, and proposed budget for 1963.

Report of Forest Fire Wardens

Preventing Forest Fires is Our Responsibility

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In The same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry, windy weather and preferably burning late in the day.
4. Have something to keep the fire under control - pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 1 fire
We burned 1/3 acres
